For nearly 40 years, Forever has demonstrated a commitment to searching all over the world to find the purest ingredients from nature and pair them with the latest scientific advancements for one purpose: to help you and your family look better and feel better.
That’s what led him to launch Forever Living Products in 1978.

Rex had a vision of bringing the tremendous benefits of Aloe Vera to people all around the world to help them look better and feel better and help others do the same.

From day one, he had a passion for doing things the right way – finding the perfect ingredients from the best sources, working with experts in all areas of the business and making decisions with integrity.

This concept is the cornerstone of who Forever is. Not because anyone told us we had to do it that way, or because it’s trendy, but because we believe if you’re going to do something, you have to do it right.

Founder, Rex Maughan, has a vision of a healthier life for everyone.
Because we love Aloe, we treat the 50 million Aloe Vera plants in our plantations a bit differently. Our Aloe is harvested by hand and our potent Aloe Vera gel is delicately separated from the leaf before being gently stabilized in a special, patented process. This all happens within hours of harvesting to provide you the purest, freshest Aloe Vera gel from plant to product to you.

**Powerful Ingredients**

We have dedicated ourselves to seeking out nature’s best sources for health and beauty and sharing them with the world. Our Aloe Vera products were the first to receive the International Aloe Science Council’s Seal of Approval for consistency and purity.

At Forever, we combine pure Aloe Vera with natural and scientifically advanced ingredients selected to compliment and enhance the benefits of Aloe. The versatility of Aloe Vera means it can be combined with different ingredients and used in many ways to help you and your family look better and feel better.

**Honest Practices**

Forever does not test its products on animals and many of our products feature the Kosher, Halal and Islamic Society Seals of Approval.

We’re so confident that everyone will love our products that we offer our customers a 30 day money back guarantee if they are not completely satisfied.

We are very proud that our products have benefited millions in the United States and over 150 countries around the world. We hope you’ll be the next person to experience the amazing benefits of Aloe Vera.

Forever Alluring Eyes®

They say the eyes are the window to the soul, so this important feature deserves its own product. R³ Factor®

Skin Defense Creme

Retain, restore, renew. Alpha hydroxy acids, also called fruit acids, exfoliate and loosen dead skin cells by dissolving the natural glue-like substances that allow dead skin cells to cling to the surface for far too long. This defense creme is like a personal body guard to your beauty.

$26.73 2 oz. 2272-.129

Aloe Propolis Creme

A well-loved, flagship product because it features our two prized ingredients: Aloe Vera and bee propolis. Bee propolis is a resinous substance bees use to fortify and protect their hive. More important than a hive is your skin, which needs protection and a natural barrier to help keep moisture in. One sniff of Aloe Propolis Creme and you can tell it’s filled with herbal and botanical ingredients like chamomile. This thick cream is also filled with vitamin A and E.

Aloe Moisturizing Lotion

This thick, velvety lotion does more than just moisturize. It helps with skin’s overall feel and elasticity because of its collagen and elastin. ### Sonya® Aloe Refreshing Toner with White Tea

One reason white tea gets its color is because it’s harvested before the buds have opened. They are then immediately steamed and dried, unlike black tea which waits so it can be oxidized. This results in the preservation of a high antioxidant content. High antioxidants along with Aloe Vera, cucumber and castor oil are quickly absorbed thanks to the alcohol-free, unique delivery system. Your skin instantly feels revitalized and it is now prepped for further skin benefits.
