

Forever Bee Honey®

Bees make honey by traveling from flower to flower, removing the rich nectar, storing it briefly to mix with their enzymes, and then depositing the honey in their hives. Throughout the ages, honey has been recognized as a premium natural food – a storehouse of energy that is easily digestible.

This great-tasting, all natural sweetener is loaded with nature's goodness. Easy to digest, Forever Bee Honey® is a quick and natural energy source for any occasion!

CONTENTS
500 g

SUGGESTED USE
Can be eaten alone or as a natural food sweetener.
